I am a software engineer mainly focused on Full-Stack Javascript development. I enjoy working with JS, CSS, & the MERN stack, and I am excited to focus on mastering React & Python.

SKILLS

- **Languages-** JavaScript, HTML, CSS, Python
- **Libraries and Frameworks** - React, Node.js, Express.ejs, Flask
- **Database -** MongoDB, Mongoose, PostgreSQL
- **Other**- Git, GitHub, Azure, Postman
- Fluent Brazilian Portuguese speaker, some Spanish

SOFTWARE DEVELOPMENT PROJECTS

Theater Friends | Responsive Full-stack web app   (April 2022)
- Created a Full-stack Flask application, connecting to and performing data operations on PostgreSQL
- With secure authentication, the front end was built using React

Trouvaille /troo'vī/ | Responsive web app, multiples models, full CRUD   (March 2022)
- Created a multi-model relational database via MongoDB to enhance web functionality
- Developed a decoupled app, with web application framework and server via the full MERN stack that enables the storage and manipulation of user data.
- Implemented and styled an interactive map feature using Mapbox to render a responsive and appealing user experience, with additional styling using Tailwind

Pet Trails | Responsive web app, full CRUD   (March 2022)
- Created a web app framework and server via Node.js/Express, enabling the storage and manipulation of user data.
- Implemented a user sign in feature & profile creation, with a multi-model relational database, using Google OAuth, Mongoose, & MongoDB, for secure authentication and database management.
- Built the back-end application implementing CRUD operations & hitting all RESTful routes.

The Battle at HogWARts | Mobile-responsive web app card game   (February 2022)
- Coded the game logic using JavaScript to render appropriate scenarios for two end users
- Tested and debugged using JavaScript to ensure coding best practices were implemented successfully
- Developed front end styling framework, hover and keyframe animations using CSS3, Flexbox & Grid to ensure responsive design and render appealing and accessible user experience
